

Dear business partners,

due to the worldwide spread of the coronavirus (Sars-CoV-2/COVID-19) it is the responsibility of ACS Handels GmbH to fulfil our duty of care towards our employees and our environment. For this reason, we also take measures to reduce the risk of possible infection and expansion. Accordingly, we ask for your understanding that visits and business trips are postponed until further notice. Of course, we support any measures that help to contain the virus and reduce social contacts to a minimum to protect our team. Our employees in sales and purchasing are working in their home office and thus contribute to the prevention of infection.

Our employees in the warehouse and shipping department work regularly.

Our operations are naturally maintained and the supply chain is therefore guaranteed.

From a current perspective, no bottlenecks in the supply of materials are to be expected and we are in regular contact with our suppliers. If there is any change in the current situation, we will contact you immediately. In addition, our employees are informed about the precautionary and hygiene measures issued by the Federal Health Office. Our employees are required to comply with these.

Looking forward to a good cooperation and good health!

Mit freundlichen Grüßen / Kind regards

Daniel Hofstätter LLB.oec. MSc

Geschäftsführer (GF) / Chief Executive Officer (CEO)
